TRUSTED BY

Three criteria sealed the decision.

Keeping pace with clients

AI-powered tools and ready-made templates mean tight deadlines are met without compromising quality.

Experiences that delight

Games, quizzes, audio, and video meet enterprise standards on any device.

Reporting on demand

Powerful insights help track every learner's journey for personalised support.

QuikAuthor allows us to respond dynamically to client needs.

Our team works at a pace that would not be possible without their rapid production tools.

Anand Gore

Partner, Knowledge Tree Consulting

Direct delivery, no third-party LMS.

Cohorts, progress, and content in one place. From kickoff to learners learning, fast.

Build learning at the pace of your clients.

QuikAuthor is the AI-powered authoring and delivery platform behind Knowledge Tree Consulting, and a growing community of L&D teams who need to move faster without losing quality.
